WORK EXPERIENCE

Boca Code UX/UI Project Coordinator Internship — Boca Raton, FL
Project Coordinator - UX/UI Designer — March 2023 – Present
- Manage and coordinate **2** projects with the **UX/UI - Engineering team**, including the redesign of the candidates page for Boca Code's mobile version and a CRM for a company connecting investors with startups. Used **Figma** to design.
- Facilitating team meetings, utilizing **Kanban** board, and implementing **Jira/Asana** board as an **agile** project management tool to streamline tasks and improve efficiency.
- Implemented a sprint-based approach, resulting in a **significant** increase in on-time delivery compared to previous projects.
- Completed my first sprint with a team of **5+** interns resulting in adding an upgrade tier feature and a profile page to update email and password to be able to see basic information on a user's account. Keeping **UX-UI** principles.

OWNER TO OWNER INC. — West Palm Beach, FL
Aircraft Service Support Assistant`` — January 2019 – April 2022
- Produced **50+** documents and infographics for stakeholders utilizing designated formats and graphic design while delivering information in a confidential manner.
- Managed **20+** client inquiries regarding sales and effectively closed **5** aircraft sales, resulting in **$7** million in revenue.
- Conducted walkthrough with **10+** parties each with **3-4** stakeholders, offering detailed descriptions of the aircraft and accurately answering all inquiries. This effort resulted in the successful sale of the aircrafts at **5%** increase than initial listing.

ST. CLARE SCHOOL — North Palm Beach, FL
IT Assistant — July 2016 – September 2019
- Successfully deployed **200+** iPads to students, with each tablet configured with security measures, firewalls and applications developed to provide essential learning materials for students, resulting in improved digital literacy.
- Provided technical support to **40+** staff on instructional technologies with a **90%** resolution rate, boosting staff productivity.
- Managed inventory of **400+** technology assets, accurately tracked using Google Spreadsheets to streamline the process.
- Strengthened students with ASD as an Autism Paraprofessional, fostering a positive and personalized learning environment.
